

type number: **KSK 175_PO16**

material: halogen-free material

color: orange RAL 2004

IP classification: IP 66

product description: The box includes a 5-pole ceramic terminal block with maintained functionality during fires. It is fixed to the concrete using the supplied screws.

This terminal block is designed for 5 conductors from 1.5 to 16 mm² in cross section. It is fixed to the concrete using the supplied screws.

Cable use depends on the type of structure of which the boxes are a part. The data for types of cables (or for the lack of some limits) may be found in individual assemblies system with maintained functionality in fire.

It is easy to insert cable, due to soft inputs with maintained protection IP 66. The entire box is made from halogen-free material.

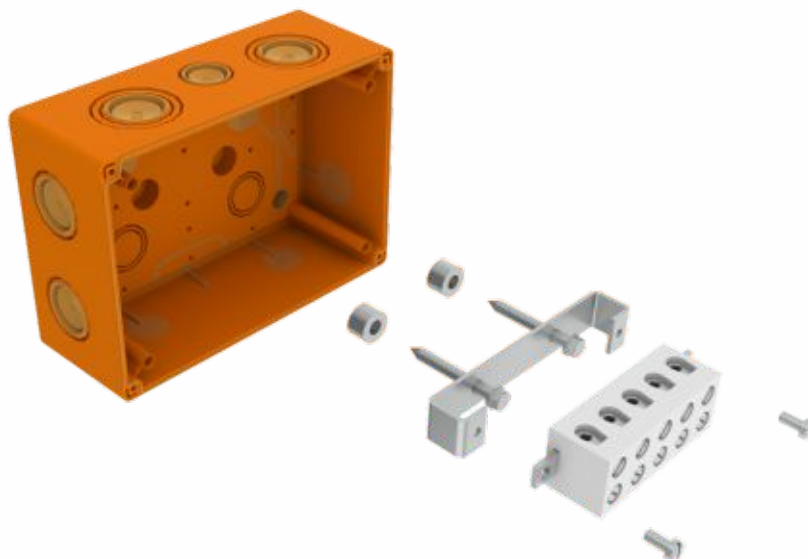

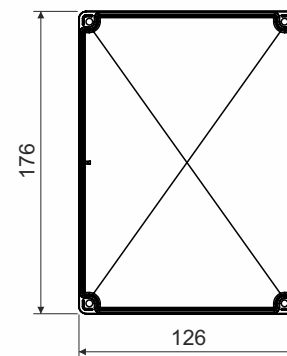

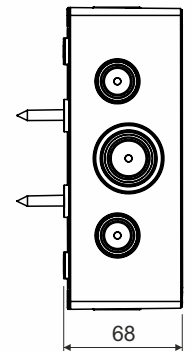

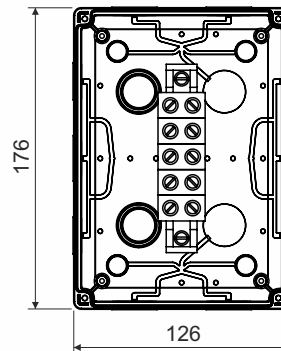

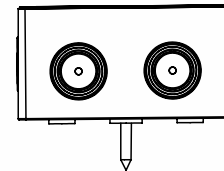

The cover is attached using the supplied stainless steel bolts.
